Dear Dr. Daniel Levine:

This is the Young Children Placement and Rehabilitation Center who is sending you a thank you message. This Center is subordinated to the Health Ministry of the Republic of Moldova and provides care and rehabilitation for about 200 orphaned children and those deprived of the parental care at the age of one and six months.

As you are aware of, we had an acute problem with our laundry facility. The assistance of your charitable organization we have succeeded in repairing this very important service facility. For this purpose, we have bought new washing machines and other necessary equipment. Thus, the repairs and re-equipment of the laundry space cost us 625,317.46 lei, including 230,681.93 lei (\$20,000 US) provided by your Foundation.

We have also benefited from the help of your Foundation during this year, it making 41,160.45 lei that were used to buy the following;

- sweets - 6,376 lei
- dairy products - 2,641.50 lei
- juice and fruit and vegetable sauces - 6,813.59 lei
- meet - 2,000 lei
- Easter cakes - 1,287-60 lei
- other food products - 22,041.76 lei

These food products allowed us to provide a balanced feeding for the children early this year when our institution was unable to sign contract with suppliers.

The reparation and re-equipment of the laundry facility have meant a lot for us as it was very difficult to provide a proper care for the children, we did not have sufficient quantity of pampers, while we had to wash about 300 kg of linen and clothing per day. We used to have serious problems with providing children with clean linen and clothes as we had no hot water and electric driers, while we were supplied with steam for drying just four days per week. Now, we are able to give our children clean clothes constantly, which are well-washed, disinfected, ironed, which results in reducing children's morbidity.

The Administration of the Center sends you sincere gratitude personally to you, the Foundation you are representing, as well as Andrea Charitable Foundation for the assistance offered to us. Thank you for your generosity and sensitivity. Please accept our best wishes.

Respectfully,
Chief Phvsician Signature Irina Malanciuc Seal
